

“My congregation isn't ready to become Open & Affirming yet...”

Great! This workshop is for you!

“I would love to help my congregation become Open & Affirming...”

Yes, this is the right workshop for you too!

“I want to bring more welcome and affirmation to my region...”

Then you're in the right place!

Building an Inclusive Church Toolkit

Using the *Building an Inclusive Church Toolkit*, this workshop will provide the tools that empower congregations to create a grace filled, respectful process towards becoming Open & Affirming, a process uniquely designed for each congregation's specific needs.

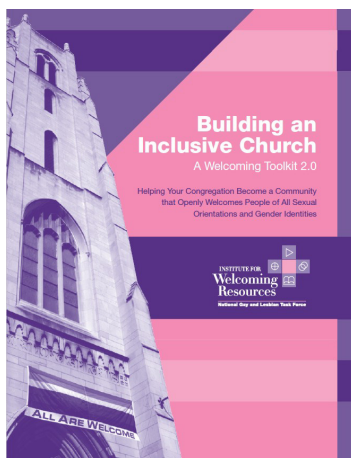

This day-long workshop will provide in-depth and hands on training in the tools of Graceful Engagement, One to One Conversations, Storytelling, Framing, and more.

These tools are also powerfully useful in many other contexts.

Rev. Dr. Mark Johnston, Executive Director of AllianceQ's Open & Affirming Ministry Program, will lead this workshop.

The *Toolkit* is an ecumenical tool useful in congregations of all denominations - you are certainly welcome here!
